Breaking away from

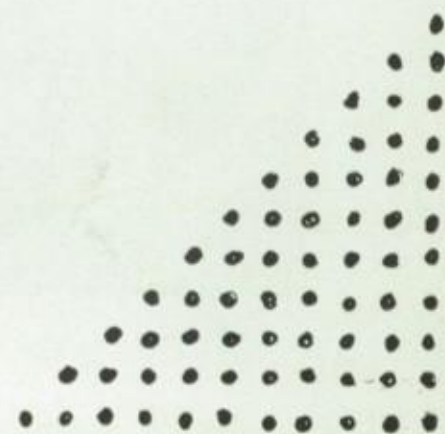

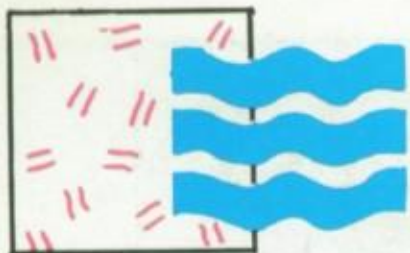

TRADITION

The students at Mission Viejo High School have changed greatly since 1966 when the school first opened. The original students started many traditions; some of which have been maintained while others have been lost and forgotten in the passage of time. We share different values, goals, ideas, and dreams than the students of twenty years ago. As the school has changed over the years, so have the basic attitudes and personalities of the students. In order to create a space in M.V.H.S. history for the class of 1988, we are "Breaking Away from Tradition."

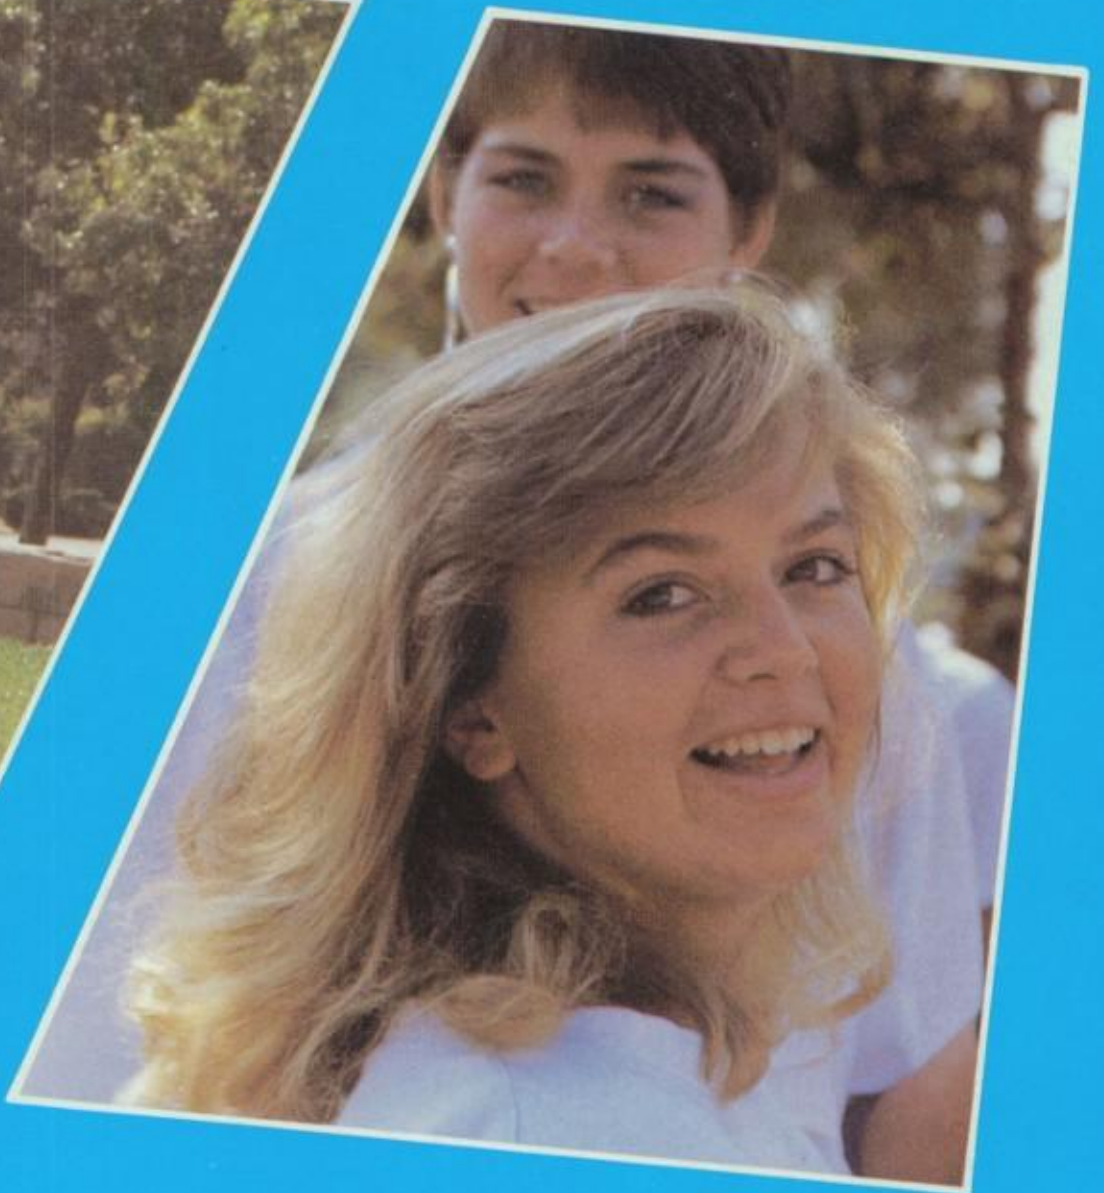

The yearbook and the year itself are different from any preceding it and will stand out as being new and original. Last year the emphasis was on celebrating the past twenty years. This year, the emphasis is on celebrating the future — the impact we'll have in the years to come. We, the class of 1988, are proud to start a new generation of tradition here at M.V.H.S. by Breaking Away.

Breaking Away From Tradition

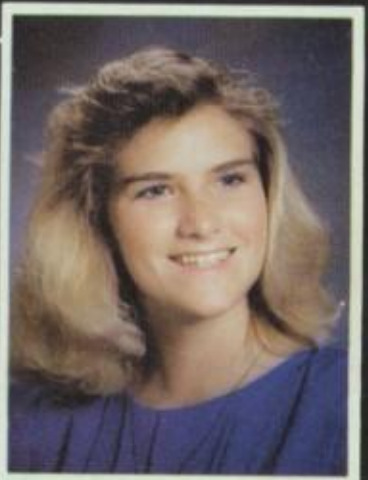

There are those who will always break away from tradition in the way that they dress, act, or express themselves. They present themselves in a way that is unique to the rest of us; they have escaped the cage of conformity.

During the 1987-88 school year at Mission, there were a few that expressed their individuality. When talking to a sample of these people about their attitudes and appearances, it seems that they aren't purely out to make a statement about something; rather, they just don't feel comfortable being average.

Sandy Leightenbauer said about her personal style, "I feel I can express myself through my appearance. When I dress normal, I don't feel like myself. Comfort is in variety."

Stephanie Anderson and Darren Welson share much of the same philosophy. They don't feel right just being one of the flock. When asked whether or not he was trying to make a statement with his appearance, Darren replied, "True originality is rare."

There are many others in our school who are on the border of tradition and rebellion. Some are unexpressed and waiting to break out; others have already emerged and are known by many. No matter how people dress or act, everyone has feelings and pride in themselves.

SAFE RIDES

An Organization That's Here for You

Safe Rides is a program with a purpose which parallels that of SADD, or Students Against Drunk Driving. Safe Rides is aimed at preventing drunk driving and is functioned on a volunteer basis. Operated on Friday and Saturday nights, the Safe Rides program, composed primarily of Mission Viejo High School students, runs from ten o'clock p.m. to two o'clock a.m. People volunteer their time to work either as a dispatcher, a driver, or a passenger. An adult supervisor is present at all times.

This program is ran through a room set aside by the Saddleback Community Hospital from which the workers receive the telephone calls from people who need a ride. This program does not advocate drinking, but it does protect innocent people who, without the existence of Safe Rides, might be other statistics of fatalities due to the ignorance of drunk drivers. Safe Rides offers an alternative to young adults who might otherwise risk their lives and the lives of others. Ms. Kirschenbaum is the advisor of this worthwhile program. To the left is Francis Shih, a student involved in Safe Rides.

SENIOR ADVISORS TAKE ACTION

By Nicole Savio

An innovative new service began this year for the students of Mission Viejo High School. It is known as the Peer Advisement Program. Six qualified seniors were chosen to advise the senior class about post-high school plans. The 1987-1988 Peer Advisors are: Mike Costello, Lori Cunningham, Stephanie Nichols, Shannon McAnnally, Nicole Savio, and Janice Zeramby. According to Mrs. Guy, the Guidance Specialist at MVHS, "They are all part of a group of bright, dedicated students, trained to dispense useful information to the students of the senior class about their future plans." The main goal of the Peer Advisors is to lead seniors in the right direction, and point them to the valuable resources of the Career Center. The resources include: computer software, college and trade/technical catalogs, laser disks, and video tapes with information on many colleges and universities. All of these facilities assist the advisors in performing their duties. The new program is very successful, in that many students can be helped in the same amount of time that a busy Guidance Specialist could previously only have handled ten to fifteen. Also, most students seem more comfortable discussing college and career plans with someone their own age. By talking with Peer Advisors, students are made aware of financial aid and scholarship opportunities, how to fill out an application for college, and the careers and colleges available for their interests. This exciting new guidance program will improve decision-making about post-high school plans among peers and ultimately make the school experience more meaningful.

When at any school activity, do you ever stop and notice that it is being filmed? Well, thanks to the Media Productions Club, all of our activities are taped and stored for historical purposes. Mr. Wendt, an English teacher as well as a technical wizard, runs the Media Productions Club. He and his loyal cinematographers donate their time and tape all of our activities. They tape such things as Football games, assemblies, drama productions, and concerts, along with the annual English film. The Production Club can do

about anything because of their outstanding audio-visual equipment. Over the years, the program has gained recognition and has obtained more incredible machines. Now they have many cameras, recorders, monitors, mixers, and heaps of cable. The Media Productions Club not only helps those who are interested in the field but also captures those special times that can't be repeated. To see those special times replayed yourself, all you have to do is ask! Thanks Mr. Wendt and staff.

BLOOD IS THICKER THAN WATER AT M.V.H.S.

Eleven seniors at Mission have been fortunate enough to have one of their parents work at this school. This goes to show that some of us still need mommy and daddy around all the time. Some of these seniors agree that it has been helpful and advantageous to have a parent around. However, others complain that mom and dad take away from their fun by the fear that their teachers will talk about their behavior in the teachers' lounge. Whether these students like it or not, they cannot escape their parents at school.

BABY

36 BABY DAY

NITE

BABY NITE
For most of the senior class, the evening of November 1, 1987 was one that won't soon be forgotten. Some of the activities for the nite included decorating for cars and houses, meeting for social gatherings, visiting various 24 hour restaurants, globe climbing and relay driving. This year's Baby Nite was a chance for the oldest, most mature high school students to slip into fuzzy pajamas and bunny slippers for a nite of childish fun.

David and Jane display their emotions over the Baby Day Pancake Breakfast.

Deanne exclaims, "Ha Ha, I have a balloon and you don't!"

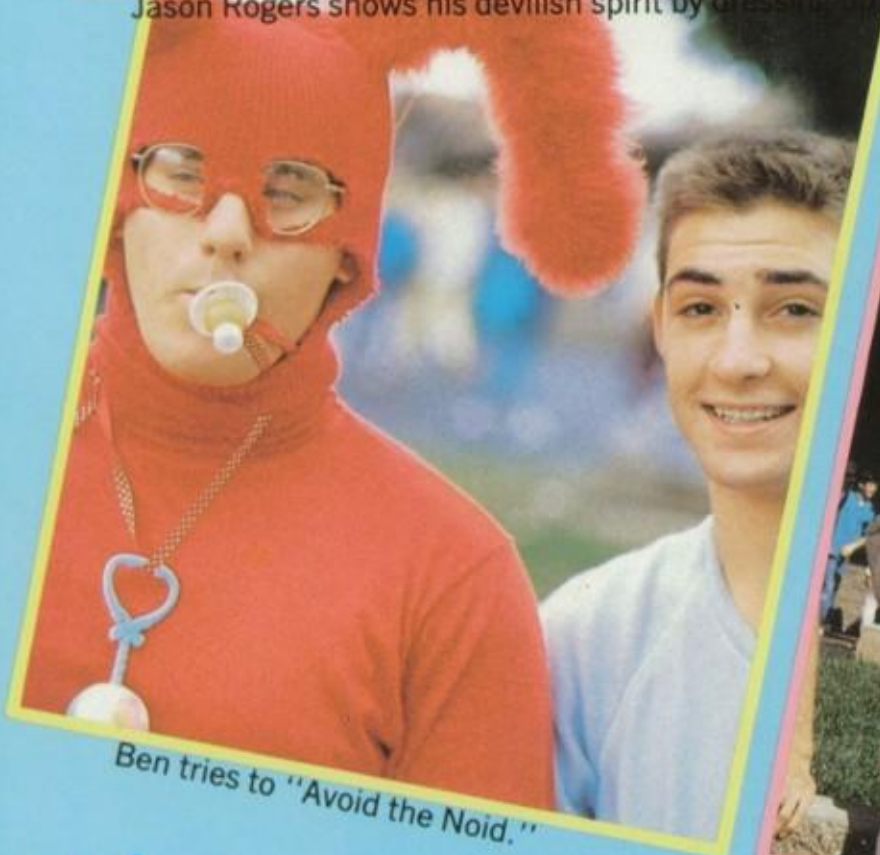

Once again, as tradition holds, the Seniors showed their true spirit by participating in the Senior Baby Day. M.V.H.S. turned into a big playschool for the one day as the Seniors romped around holding their favorite teddy bear and wearing such outfits as sleepers, lacy dresses, and diapers. After the all night festivities, the babies crawled into school between 6:00 and 7:00 a.m. for a memorable Pancake Breakfast. After the Pancake activities, the babies made their way to class for a couple of hours to nap. The weary eyed Seniors played such games as Red Rover and Duck-Duck-Goose at snack. The 1987-88 Baby Day was outrageous and one to remember — if you can!!! THE SENIOR BABIES OF '88 ARE GREAT!!!

"Senior hill is a place where more than just seniors 'hang out.' When I was a freshman I wouldn't dare go up there, but it's different there. It's just a place where people stand around and talk."

Tracy Reinhold

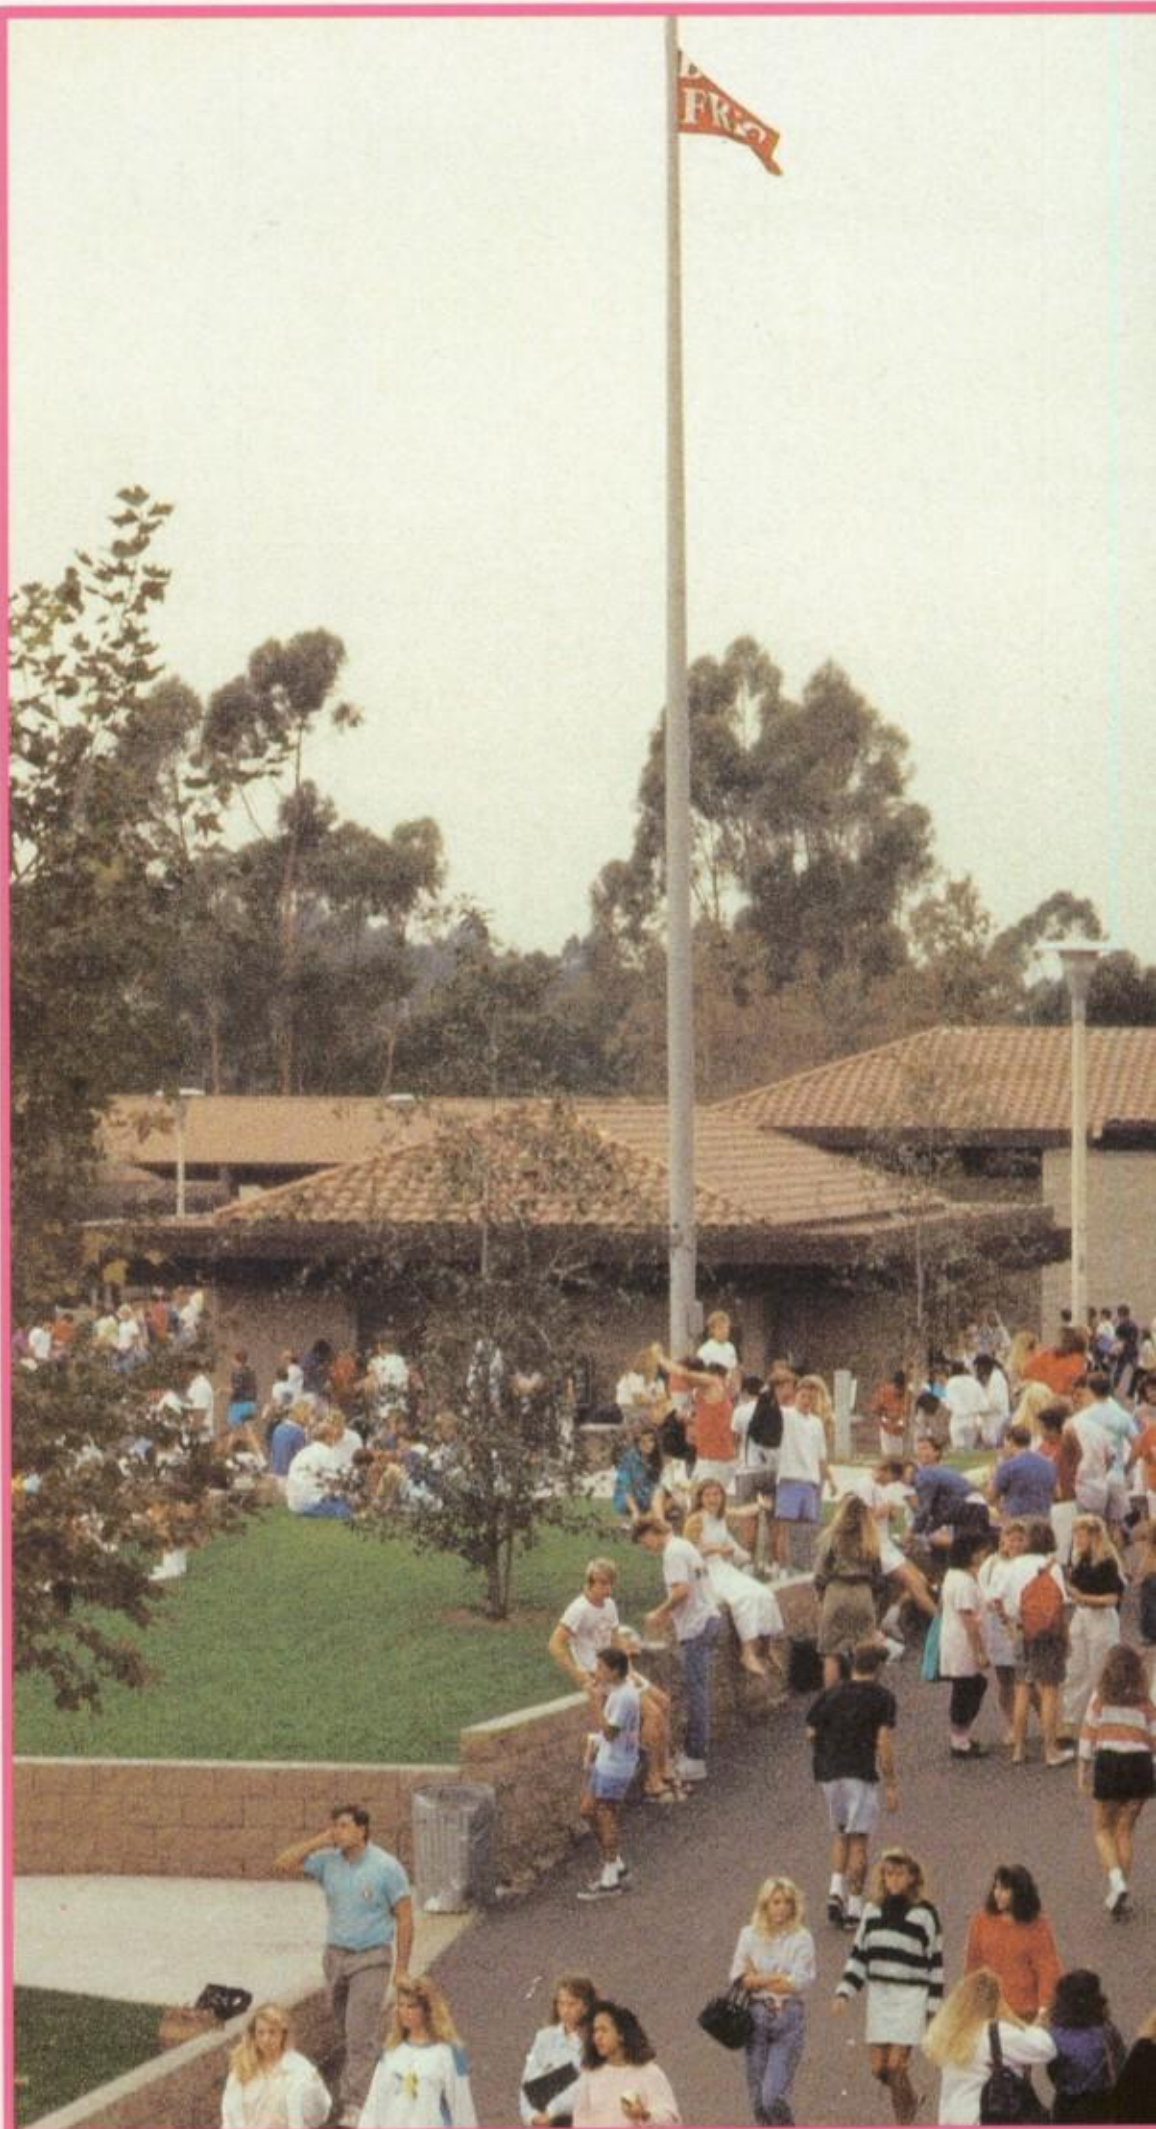

"Senior hill is just a place where people go to find everyone else. Everyone goes there to talk and fool around and stuff. I guess it's more special to us now because we're seniors."

Jill McIntyre

"Senior hill is a great part of the campus. It's where all the senior's hang out, fool around, and find all of their friends. But it's not just for seniors, a lot of people hang out there."

Emotion, Pride, and Hustle define the spirit of everyone at M.V.H.S.; however, we all find our own way to express this dedication. Dave Huettl couldn't have described our emotion any better than when he said, "It's the excitement about what's happening — getting involved." Over and over again, seniors show this emotion — going to games, coming to school in their favorite colors, red and gold, and being an active part of pep assemblies and spirit week. Diablos also have tremendous pride. It is reflected in everything they say and do. Even though victory is important, it's our dedication and pride that make us the best. The last part to the intense spirit of our campus is the hustle. "Hustle is always moving and striving towards the best. It's being the best!" — Wally Wiggins. The best way to sum up our spirit is to look at our unity. Coach Rush always reminds us, "There's no I in the word team."

Graduation is finally here! This long awaited moment of wearing caps and gowns and accepting our hard earned diplomas has arrived. It has been four long years of friendship, excitement, and struggles. As a whole, the high school experience has been both rewarding and a time to grow stronger in many aspects of life. The class of 1988 has been through so much together and has shared many memories that will not be soon forgotten. Diablo pride has shone both bright and bold within our Senior class through all the participation in sports, activities, leadership, clubs, and classes. We have certainly left our mark on Mission Viejo High School's history. MVHS will be missed by many, but we must move forward in our lives and strive to reach all of our dreams and aspirations of the future. Farewell to all the underclassmen. The Class of '88 wishes you the best of luck in all you do. We hope that you will get the most out of your high school experience, just as we have.

The Ups and Downs of Junior Life

Like anything in life, our Junior year is filled with ups and downs, ins and outs, the good and the bad. Although sometimes hard to believe, these are the best years of our lives. Here are just a few ups and downs that illustrate Junior life. If you happen to still be around when you read this, congratulations, you made it.

UPS

- You can look back and laugh at when you were a freshman.
- You can drive.
- You know where the parties are.
- The freshmen and sophomores look up to you (at least you would like to think they do).
- You can flick your car keys and pretend to be a big shot.
- (Lunch cup is optional.)
- The class of '89 has the most spirit (it always has).
- You are only months away from being a senior.
- You are the "Last of the Red Hot 80's."

DOWNES

- PSAT, SAT, ACT, and A.P. tests.
- First and Sixth period tardies.
- You spend your whole lunch waiting in a fast-food line.
- Over-excessive homework load.
- You have more graduation requirements than the Class of '88.
- You have to start thinking about the future.

It's a Bummer for a Girl When:

- A girl likes a guy, but he's already going out with a freshman.
- When a guy promises to call and never does.
- When her boyfriend calls her by his ex-girlfriend's name.
- Her best friend's boyfriend is her secret love.
- The most romantic comment her football playing boyfriend says is, "Hike."
- The guy she likes happens to be in love with . . . her best friend.
- She sees the guy of her dreams and she trips over a step, falling right in front of him.
- Her date for Winter Formal wears a size 11 shoe and is as clumsy as an ox.
- She has the perfect dress for prom, but no date.

It's a Bummer for a Guy When:

- A girl asks him if they can, "just be friends."
- He asks a girl out and she is already seeing someone else.

- He finds the perfect girl and can't find the nerve to ask her out.

El Viejo

What is it like to be a member of the El Viejo staff? It is probably not far from the truth to say that Yearbook is somewhat of a misconception. Many people are under the impression that Yearbook consists of nothing but socializing.

On the contrary, Yearbook staff members are responsible to the student body for the creation of an acceptable yearbook in which a school year is memorably captured and then bound within its pages. Some have gone so far as to say, "The Yearbook is an accurate historical document that is the essence of a particular school year." This was the goal of the 1987-1988 El Viejo staff. Through the hard work and dedication of Mr. Gale and editors, Susan Shea and Melissa Bode, a masterful yearbook was unavoidable. Cooperative staff members worked along wonderfully the long, hard work it took to put this Yearbook together will be appreciated. This Yearbook is the most special to you graduating Seniors, Class of 1988. This is your last high school yearbook. We hope your high school career has left you with a lifetime of memories, and, hopefully, a great many of them have been captured in this Yearbook. Enjoy!

The Dedicated Members of Marching Band and Color Guard

A lot of you may not know it, but your M.V.H.S. Band and Color Guard have put a lot of hard work and personal hours into the music program here at M.V.H.S. Through their hard work and dedication they have earned the reputation as one of the best marching bands and color guards in Southern California. Everyday the band and color guard to memorize five songs for the field show. They also have to know the Fight Song, Alma Mater, and all those songs which are played during the football and basketball games. Each band member has to personally practice at home to listen to at the games. Without the band you would have nothing at the right tone and pitch with each other. For a field show, each band member has to march correctly, play their music correctly, flow with the people around them, make the drill moves right and watch the drum major at all times. This is not an easy task to accomplish. There is a certain technique to marching correctly. After finally getting your personal act together, including the color guard, you then have to practice as a complete ensemble.

Each member of the color guard has to be coordinated enough to be able to do their flag or rifle work, march correctly, watch drill forms and incorporate dance into all that. You have to have discipline, coordination, and the will to do your best and become the best! Your M.V.H.S. Color Guard performs separately on basketball courts during second semester. This takes a lot of extra time and hard work, but it has paid off; for three years this guard has been the Southern California Color Guard Champions.

Your Marching Band and Pageantry Corps students are just like everyone else, they have schoolwork, test, and projects due; except these people have the unique ability to stand up in front of their peers and show their talent through their music, flag, or rifle work. The band and color guard work very hard, as you can see, but attain very little credit for it. Especially from their peers. So as you can see, the band and color guard put a lot of time and hard work into what they do. Just tell them or let them know in some way that you appreciate what they are doing and that you're behind them all the way!

Freshmen Life

With all the hustle and bustle of classes in school, upperclassmen tend to forget about the little people on campus, the Freshmen. But what would high school be without them to play jokes on, laugh at, and ridicule? Yes, contrary to some beliefs, the glamorous life of a Freshmen is not what it is all cracked up to be.

Being dropped off in front of school by Mom each day is the first embarrassment many Freshmen must overcome. This is only one of the problems encountered in not being a licensed driver yet. It also becomes a real chore to organize a carpool with friends to a football game or the movies on weekends. Due to a closed campus for underclassmen, Freshmen are destined to brown bag lunches each day. Unless, of course, they don't mind the huge, slow-moving snackbar lines.

Even though Freshmen have these and many more problems to deal with in high school, proud, smiling faces can still be found throughout the halls.

The Freshmen "Rep."

by Jill McIntyre

Freshmen have a certain reputation here at M.V.H.S. They're not actually looked down upon, although it is generally considered "cool" to harass them about their Freshmenness. But, they are really just thought of and treated as Freshmen. Everyone has dreaded being "trash-canned" as a Freshman, but I have a hard time with that. I have witnessed it happening only one time in the four years I have been here. So, this is no major threat. Teasing is probably the only thing a Freshman has to worry about.

Teasing Freshmen is a tradition, one we probably won't break away from in the very near future. Everyone gets harassed when they're Freshmen, so they get revenge by teasing people in future years. The Freshmen this year can't wait until they are Sophomores solely for the reason of being able to tease the incoming Freshmen of next year.

It is considered a major put-down to be called a Freshman when, in fact, you are not one. The famous: "Are you a Freshman?" when asked to an upperclassman is a real killer. Or how about, "You act like a Freshman," or even worse, "You look like a Freshman?" It is very degrading to be called an inexperienced, young, generally immature (no offense) Freshman. No one wants to be considered younger than they are, at least, not at this age in the game!

Of course, there are the elite Freshmen who you would never know were Freshmen. But, why not take advantage of this year, guys? You only have one year to "go for it" and be as immature as you want and still have the excuse: "Hey — just a Freshman!"

I encourage you to enjoy your yearbook. This book is a point in history that you will enjoy for years yet to come. Recently, and after thirty-two years, I looked through my high school yearbook. Welled up in me were feelings and thoughts that I hadn't experienced in many years. Faces from the past caused me to think, "What ever happened to Jim, Ron and Dave."

You, too, will have these feelings and memories. Along with the faces of friends, I sincerely hope that you remember the challenges, hard work, and successes. I hope that you have found that the years you spent at Mission Viejo High School prepared you to meet future demands and that you found success in life.

Always remember that Mission Viejo High School is a great school because you were a student here. Enjoy this book. It will bring you years of fond memories and, let's face it, memories are all we have and nobody can take them away from us.

The '87 — '88 El Viejo Staff is Proud to Dedicate this Yearbook to Mrs. Kurrle . . .

Mrs. Kurrle, to whom the '87-'88 El Viejo is dedicated, represents the wonderful and esteemed educators of M.V.H.S. Her ability to teach mathematics is individually unique, mixing simplicity of teaching with care and dedication to the student. This enables the students in her classes to retain the information taught, as well as admire and respect Mrs. Kurrle.

Not only is Mrs. Kurrle a mathematics instructor, she is involved with the extra-curricular life of Mission Viejo High School students. As advisor to Girls' League on campus she undertakes a huge responsibility. Girls' League is the largest club on at M.V.H.S. Mrs. Kurrle is responsible for the Girls' League council as well as all the members. Mrs. Kurrle being advisor for the past two years and co-advisor one year, has been and is involved in many activities through Girls' League which involves the whole student body. For example, the annual Winter Formal, numerous fashion shows, and student luncheons.

Mrs. Kurrle truly captures the spirit of M.V.H.S. with her love and dedication to the students of Mission Viejo High School.

Yearbook Breaks Away From Tradition

The 1988 El Viejo Staff has spent this year finding every possible way to break any standing tradition. Under the leadership of advisor Ron Galey, and editors Melissa Rode and Sue Shea, the staff hopes you enjoy this "Historical Document" as much as we do. Through the long hours of watching creative movies such as MTV, and David Letterman, headaches of trying to be creative and different, and long hours studying for those yearbook test. What about those arguments on who has the cropper and whose taking what pictures at what time just to capture those memories on our "Extra-Ordinary" Fuji camera. Our staff tried to be unique and bizarre while catching every memory of this past year. We hope you like this final production as much as we do.

SPANISH CLUB

This year's Spanish club had one of its biggest years ever. The club was able to learn first-hand the fascinating Spanish world. The club celebrated such holidays as Dia De Los Muertos, Cinco de Mayo and La Posada- to name only a few. The Spanish club was also able to visit a Spanish restaurant, where there they ate dinner and enjoyed the exquisite Spanish food. This Christmas, the Spanish club organized a Christmas party, where all the Spanish club members got together to sing carols and share the Christmas feeling.

The Officers of Spanish Club are: President, Stephanie Goodwin, for Vice-President, Beth Horvath, for Secretary, Joyce Yoo for Treasurer, Rob Horvath for Activities Director, Julie Handren, and for Publicity Chairman Heather Stewart.

FRENCH CLUB

The French Club, under the leadership of Mrs. Grade, had yet another spectacular year. This year's French Club was able to live the French world through parties, movies, and field trips. With this experience, the French club members expanded their verbal skills and knowledge of French traditions and customs. The French Club members were also able to experience the romantic, in depth, culture of France and use this to expand their French horizons.

ACADEMIC DECATHLON

Academic Decathlon, advised by Phil Koger, is comprised of Freshmen, Sophomores, and Juniors who wish to prove their excellence through intense academic competition. This class competes all over Orange County and have proved their ability on numerous occasions. The competitions are basically broken down into 10 categories, 6 objective sections, 1 essay, 1 oral speech, and hardest of all, the Super Quiz. Recently these talented students placed 2nd in county at the District level, out of 18 schools, and they are now striving to achieve success at state competitions.

C.S.F.

California Scholarship Federation, commonly known as CSF, broke away from tradition in 87-88. For the first time ever, members paid dues to maintain membership; furthermore, they elected a club council. President: Jill Hanley, Vice-President: Greg Hayes, Treasurer: Mike Hokama, Secretary: Lyn Boyle, Senior Rep: Jennifer Jewel, Junior Rep: Brian Early, and Sophomore Rep: Christina Hong. Honoring students with exceptionally high G.P.A.'s is the club's basic function, but most members are striving for the final goal of being a sealbearer at graduation. Such an honor is gained by being a CSF member for three semesters plus at least one semester in their senior year. With all the new efforts being made, CSF is sure to become a leading organization at M.V.H.S.

M.U.N.

The Model United Nations at MVHS had an outstanding year. Led by advisor, Ms. Kund, the MVHS M.U.N. became one of the most impressive programs on campus. Paul McLaughlin and Susan Barricella, Secretary General and Under-Secretary General, led our M.U.N. to be one of the best in the nation and in California. Our M.U.N. is one of the most prestigious in California.

M.U.N. has traveled to UCR, The Claremont Colleges, Harvard University, New York, UCSB, and Berkeley University, where they have been very successful in winning awards, gavels, and best delegations. We wish the M.U.N. the best of luck in continuing the tradition of being the best.

Delegates are: Khalidoun Baghdadli, Susan Barricella, Christine Beimer, Christy Berwanger, Abbie Binstock, Lyn Boyle, Lisa Bramwell, Meghan Brennan, Matt Brummel, Jeff Burt, Cami Carlisle, James Carter, Chien-Hao Chen, Heather Cheney, Vincent Chang, Johnathan Chihorek, Gavin Cline, Scott Collins, Christopher Curran, Trevor Davis, Dave DeVito, Mona, Elynn, Ron Enge, Robin Erickson, Adam Field, Richard Fiore, Erin Fuller, Ashley Garbutt, Lisa Garbutt, Anna Gorman, Seth Gorman, Tammy Graham, Kim Grosch, Jill Hanley, Jason Hayes, Ellen Herr, Christina Hong, J. To receive the full diploma, a student must take a unique course entitled "Theory of Knowledge," write an essay of approximately 4,000 words in one of six courses, and complete 100 hours of creative, aesthetic, or social service activities. There are 12 full diploma candidates in Orange County and they are all from MVHS. They are John Burpo, Renee Chien, Terry Chun, Ron Enge, Ryan Faden, Jennifer Jewell, Eva Luchini, Paul McLaughlin, Hillary Post, Dung Tran, Gary Westerland, and Kendra Deutsch. The Officers of Key Club are for President — Joanna Girardin, for Vice-President — Sarah Conant, for Treasurer — Renee Chien, and for Secretary — Rosa Liu.

MEDIA CLUB

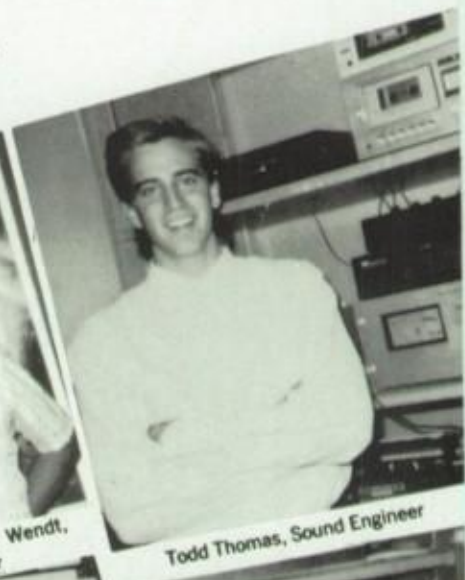

Dedication, commitment and creative are only a few words that describe Mission's Media Club. The Media Club consists of seven members and is under the supervision of Mr. Wendt. Many hours of hard work are put into the many video's and class productions that the club puts out every year. Mr. Wendt says that the club has many long term goals that they're working to accomplish. Such as a system that can be monitored to all the classrooms through the Media Club's room. We're looking forward to see what the Media Club can do in years to come.

ART CLUB

Since Art Club's beginning, it has been involved in many school and community projects. They've designed floats for parades, decorated windows around school, had sales and displays of their works as well as entering them in local art contests. Overall the Art Club serves Mission well.

GENESIS

Genesis is MV's literary magazine. We compile and publish original poems and short stories written by students on campus. It provides an opportunity for the students to express themselves in a creative and original manner. Genesis is a medium through which the art of students is presented in a formal printed manner. The literary appreciation of the entire school is broadened by this highly esteemed publication.

GIRLS' LEAGUE

Mission Viejo Girls' League 1987-1988 is one of the largest and most active clubs at MVHS. What a year! Girls' League successfully planned the Winter Formal which was a spectacular event. Girls' League also sponsored the Big and Little Sisters program as well as many fun and exciting speakers. All are welcome in Girls' League and all feel welcome and a part of Girls' League.

F.F.A.

F.F.A., short for the Future Farmers of America, is one of Mission Viejo's few Nationally started clubs on campus. It is dedicated to continuing the traditions of the American farmer. Its purpose is to raise animals and enter them in competitions such as the Annual Orange County Fair. Our Club has a tradition of doing well in these competitions, winning awards for their excellent care and treatment of the animals. The Future Farmers of America is under the guidance of Mrs. Russel.

DRAFTING CLUB

Imagine getting up at 6:30 in the morning just to meet with your club. That is just what the Drafting Club of Mission Viejo does every Wednesday morning to meet. This club is designed to give students a chance to work on projects, listen to guest speakers, or just finish up their course work. Under the direction of Mr. Mitchell and leadership of Pres. David Bell, Vice-Pres. Brian Stump, and Treas. Brad Stoppenhagen, the club provides communication between high school, college, and industry in the fields of engineering, drafting and architectural drafting.

DRAMA CLUB

The Drama Club of MVHS is a unique organization because it is made up of some of the most gifted and talented performers at MVHS. When the Drama Club puts on a show it really puts on a show! The 1987-1988 MVHS Talent Show sponsored by the Drama Club was a huge success with excellent singers, dancers, and actors performing in front of established judges and esteemed MVHS students.

N.H.S.

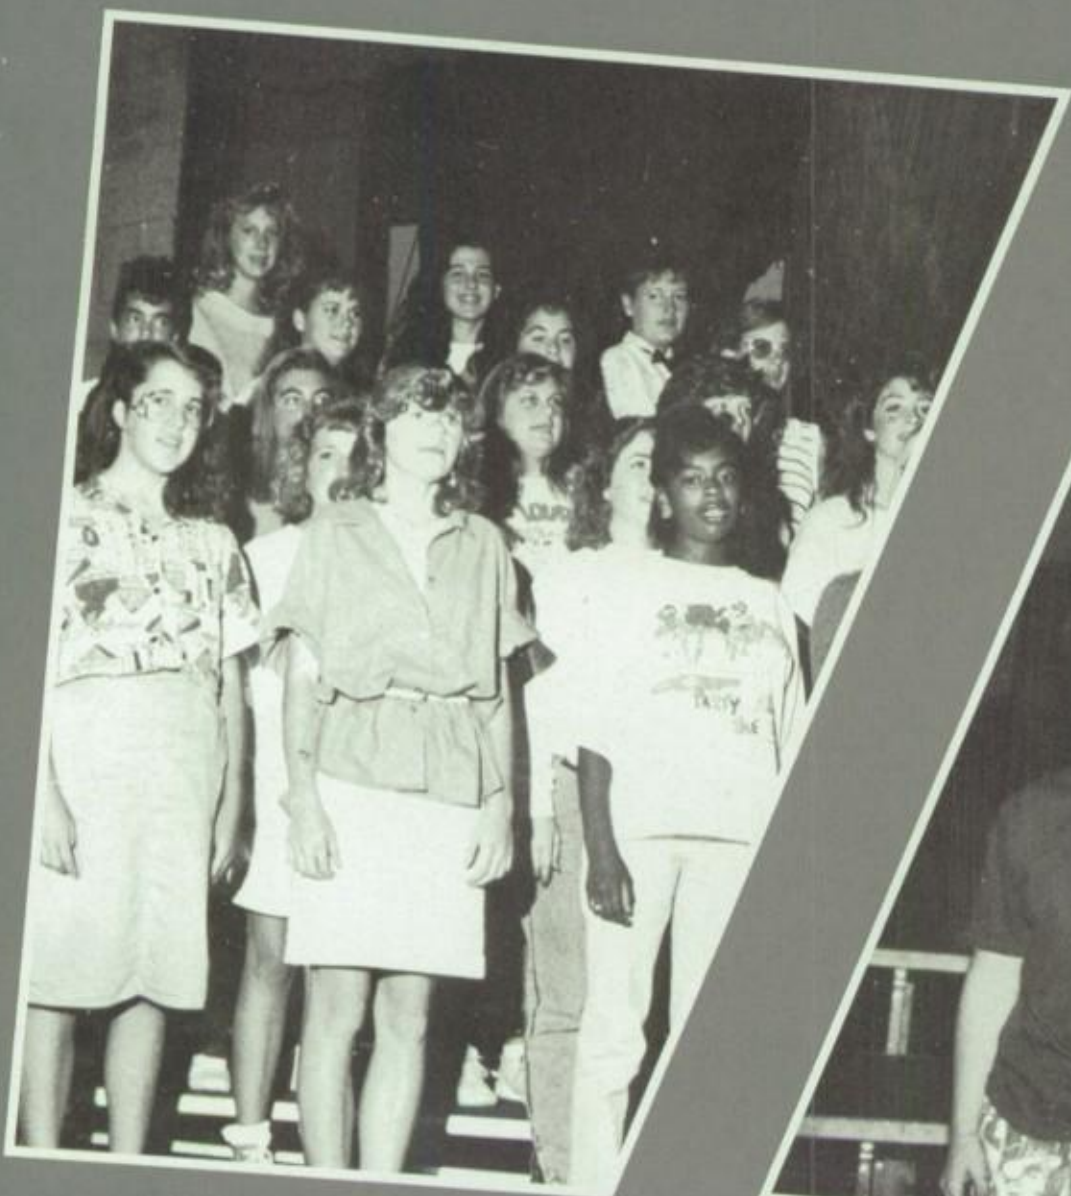

One of MVHS exciting academic organizations, NHS was a great success this year. NHS concentrates on leadership, scholarship, service, and character. Each of these wonderful MVHS students are uniquely qualified as members of National Honor Society.

PERFORMING

ARTS

Colorguard

The M.V.H.S. Colorguard is known for breaking away from tradition with their modern innovative style. They competed in seven competitions first and second semester taking top honors in both. They have the honor of being known as one of the top Colorguards in California and so meone to be reckoned with worldwide.

Second semester, the Colorguard is divided into two performing groups, the Winterguard and the Tall Flag ensemble. Both teams had excellent seasons. Colorguard captain was Melissa Bode, Lieutenants were Michelle Yoder and Shelly Clark. Sergeants were Tiffany West and Kristen Rose. Always remember, in Sandi's words, "No pain, no gain."

The Tall Flag team and Colorguard work hard to perfect their shows.

Marching Band

The Mission Viejo High School Marching Band and Pageantry Corps were extremely successful this year, considering that the group had no real teacher until the third week of school. This obstacle did not stop the hard-working practices and dedication; under the direction of Mr. John Hannan the group continued to flourish in all performing aspects. The student leaders did an excellent job of holding the band together in their time of confusion. Led by Drum Major, Marti Coffin and Masayuki Tanaka, Band President, Jennifer Loether, and Colorguard Captain Melissa Bode. The band placed well at every competition they performed at, once again proving what an excellent instrumental music department M.V.H.S. has.

Jazz Band

The Jazz Band at Mission Viejo has once again kept up the tradition of being one of the most exciting bands on campus. They entertain at basketball games and concerts. We are very proud of our jazz band and wish them the best. Keep the tradition going!

Terry Chun says, "Boy, are these concerts ever Fun with a capital F!"

Among other things, multi-talented Marti Coffin plays the trombone too!

Members of the Jazz Band are: Jeff Hall, Terry Chun, Julie Grupe, Chris Hubbard, Masu Tanaka, Ryan Hubbard, Scott Armstrong, Darrin Mettler, Scott Stewart, Marti Coffin, Robert Weingarten, Jason Hayes, Darrin Presley, Doug Alkire, Mark Newman, Brian Spencer, Aimee Phillips, Craig Zubris, and Mr. Hannan.

Wind Ensemble

When Wind Ensemble and Orchestra received their first pieces of music for the year, they received the first of many surprises. Mr. Hannan takes all his musical groups seriously, and he was determined to challenge these students and to make these groups live up to their potential. As the year progressed, these outstanding performers became widely known. The audiences grew; the music got harder; and the groups improved on a daily basis. No other year has seen so much change or improvement. All the instrumentalists at M.V.H.S. know that music is an art; however, never before have they had a teacher who could help them not only to appreciate music, but also to perform at a professional level.

Mark Newman, one of the two alto saxophone section leaders, adds jazz to the classical style of the M.V.H.S. Wind Ensemble.

Jennifer Loether, flute section leader, leads the way on her piccolo at the Christmas concert.

Orchestra

At the beginning of the 1987-88 school year, both the Wind Ensemble and the Orchestra members were baffled by the name Teacher Z for their musical classes. The year was underway, and the Performing Arts department was short one faculty member; however, qualified applicants stormed the office for interviews. By mid-September, a person by the name of John Hannan jumped in to the position that had so recently been left. No one knew quite what to expect, but the general consensus was that, with a new teacher, this year would inevitably be a weak one.

Symphonic Band

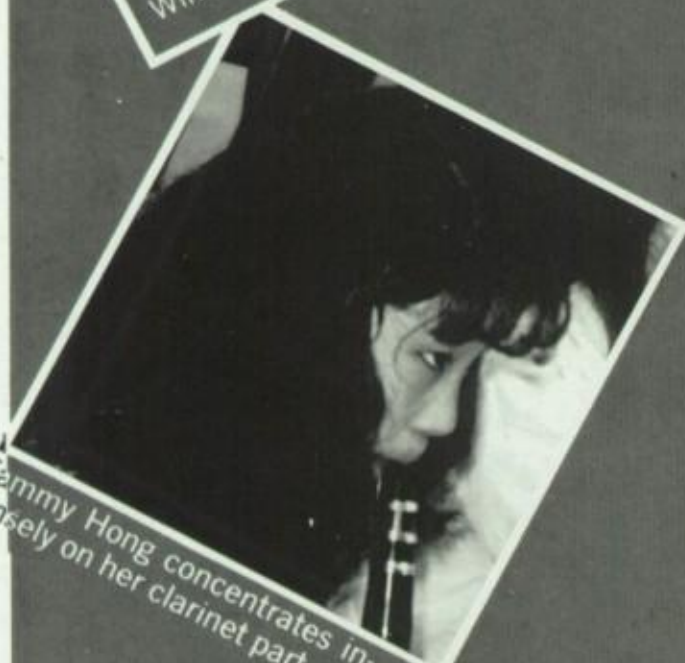

The Mission Viejo Symphonic Band had another excellent year. Led by Mr. Hannan, the band performed concerts and learned about music theory as well. Most of the students in Symphonic Band will be seen in Wind Ensemble next year. The tradition goes on!

Concert Choir

Led by Mr. Elg, the M.V.H.S. Concert Choir was very successful. They have improved tremendously, and we are very proud of them. Once again, they have kept up the fine tradition of learning music and performing it well. Keep the tradition going!

Mr. Elg works very hard in class.

Chamber Choir

During the 1987-88 school year, the M.V.H.S. Chamber Singers repeatedly made a name for themselves and for our school. For the sixth year in a row, our choir were one of twenty picked out of hundreds of auditions accepted to perform at Disneyland for their annual Christmas Candlelight Ceremony. Howard Keel, star from the television prime time soap opera, Dallas, narrated the show; furthermore, for the first time ever, the entire production was televised on the Disney channel throughout the holiday season.

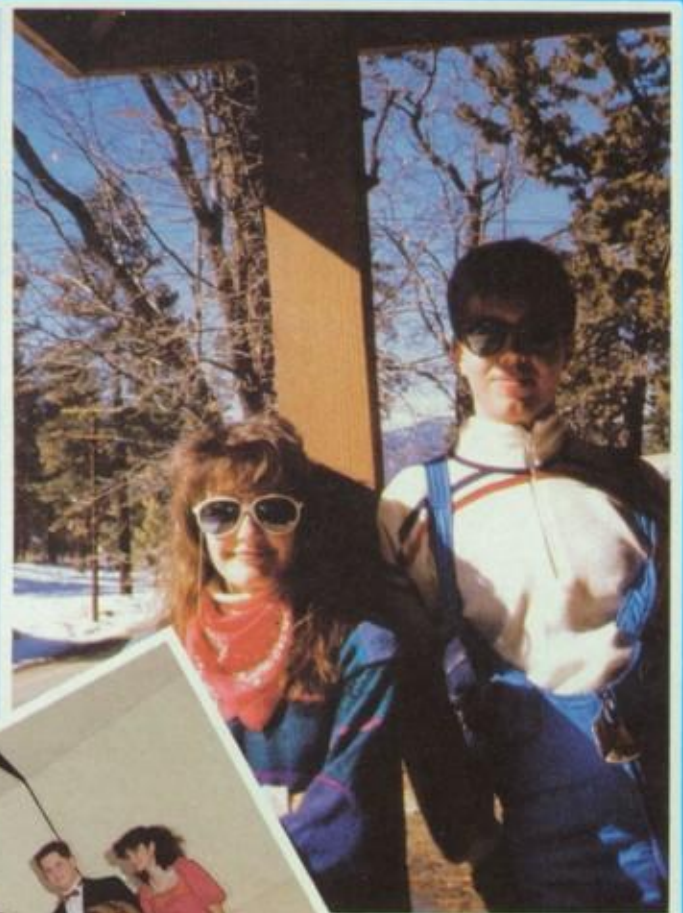

In addition to this, the Chamber Choir did various other performances. During their busiest month, December, these students sang up to two concerts a day. They visited several of the elementary schools as well as performing for the M.V. Country Club, the Kiwanis Club, the Elks Club, and private parties.

Thanks to the outstanding council — President — Luke Slymen, Vice-President Shannon McAnally, Secretary — Tracy Reinhold, Equipment Manager — Jim Larson, Publicity Chairman — Monica Barth, Librarian — Dawn Davenport, Representative — Sigal Gavish, and Robe Chariperson — Heather Cheney — the group got to share a lot with one another.

In addition to having secret pals, several parties were held as well as a weekend ski trip during the month of February.

Having large shoes to fill after last year's outstanding choir, the year started out on a skeptical note; however, as time went on, this year's choir members united and became a close group of friends as well as a top performing group in all of Southern California.

This great tradition continues; yet, with new individuals and talent, it certainly breaks away from the past to make it a year unique to those who experienced it with the 1987-88 Chamber Choir.

Thanks to the dedication of both our President, Luke Slymen and Vice-President, Shannon McAnally, the dream of a ski trip became a reality.

SPRING PRODUCTION

Damn Yankees Is a Hit

The MVHS High School Drama Department performed "Damn Yankees" this year. Directed and produced by Dr. Anne Vardanian (theatre), Mr. John Elg (song), Miss Peggy Graham (dance), and Mr. John Hannan (orchestra), this year's musical was a hit.

"Damn Yankees" is the story of a middle-aged man named Joe who sells his soul to the devil to be able to play ball again. The devil, Mr. Applegate, allows him to play for the Washington Senators and helps him lead them to the penant. It is a funny play and one that was written in 1957.

It was performed excellently and went on to win top honors. As always, the tradition of the drama department being the best goes on . . .

Explodes at Pep Assemblies

Our Mission Viejo ASB did an excellent job of organizing this year's pep assemblies. They put together many humorous skits and dances to get the Diablos fired up about the week's games. The traditional class competitions were also included as ASB put together new and hilarious relays and contests. All four squads of cheer and songleaders provided more spirit with their great routines.

JUNIORS

This spirited Junior is as harmless as a pussy cat.

Breaking through tradition helps you modernize, and, or create more traditions. One tradition here at MVHS that hasn't been broken and probably never will be is that of Spirit Week. One of the five days is given to underclassmen dress up days. The Juniors, as always in tradition were Characters. In great participation, you saw many creative, colorful, and out-going costumes that had no boundaries to break. As tradition sets in — The Class of 1989 — is sooo Fine!!!!

The Homecoming Ball took place on Saturday, November seventh. The semi-formal dance was a tremendous success organized by A.S.B. The night was filled with magic moments and great times as couples danced the night away. The gym was elaborately decorated to theme, "When You Wish Upon A Star." That evening, when the music died down, everyone gathered to the front for the crowning of the 1987-88 Homecoming King. When the crowd became silent the crown was placed on ... John Burns! King John Burns and Queen Kristen Hansen and the Homecoming Court started the royal dance as everyone joined in. The princes were Mike Costello, Mike Howerton, Chris Keene, and Paul McLaughlin.

While Gigi searches for her date, Gary wonders, "now what shall I have next?"

When You Wish Upon a Star

Friday night's Homecoming Game on November 13 was a spectacular event. As the Diablos gained a victory over the Dana Hills Dolphins, the crowd mingled with Alumni and waited in anticipation for the crowning of the 1987-88 Homecoming Queen. The theme was "When You Wish Upon A Star" and the half-time skit presented A.S.B. followed the Cinderella story line. As the eight princesses were driven around the track in Mustang convertibles, the show began with the fairy godmother telling the tale of Cinderella. Finally, as the crowd hushed, the moment all had been waiting for arrived. The new queen was announced, the prince approached her with the glass slipper, and she was escorted to the royal chair where last year's Queen, Tara Calvin, crowned... Kristen Hansen. Queen Kristen Hansen and her father were driven away in a horse drawn carriage... a dream come true! The Homecoming Court consisted of Sheri Bertell, Jenni Jewell, Kimi Keller, and Hillary Post.

ACCESSORIES

Kaleidoscopic Baubles. Forget those classical stud earrings. Today's finishing touches speak for themselves. Use a big belt, wrap a scarf around yourself. Big bold earrings, thick chains and lots of texture. Fashion watches are big. And to add those last minute touches, use a funky hair clip; add some glitter, just remember, bright is right: the bigger, the better.

Royal Plush. Those classical sweaters set up double for the Eighty's: Pants, cardigans, and crew's. Rhonda shows us the look-simple but sexy. The feel — pure amazing grace.

KNITS

LEATHER

Con Brio. Tough goes tender. Skirts get sleeker, backs get cut out, and jackets aren't jackets anymore. Do it up in a heavenly fabric like suede, or cashmere. Erika takes it to the streets in Romantic Roma colors — Blue, red, black and Brown. Bravissimo!

JEANS

Black Attack. The darker side of denim, made in the heavenly shade — of bleached black. Beyond Stonewashing, to a new sophistication. Sandy, the newest kid on the block in the fade 'em, bleach 'em, batter 'em, world of denim jeans.

Exotic Energy. Clash with a dash. You can dress them up, you can dress them down. Layers add luxe to leisure, in traditional pieces worn differently, and in new at ease shapes. Think Energetic, go-anywhere clothes!

SWEATS

BLACK

Back In Black. Everything that's sleek, is black this year: lean legs sheathed in stretch pant black, crew tops shot with elegance, and short mini skirts that prove nice girls play tough. Krista shows us her class in this black outfit.

THE STYLE

M.V. STYLE

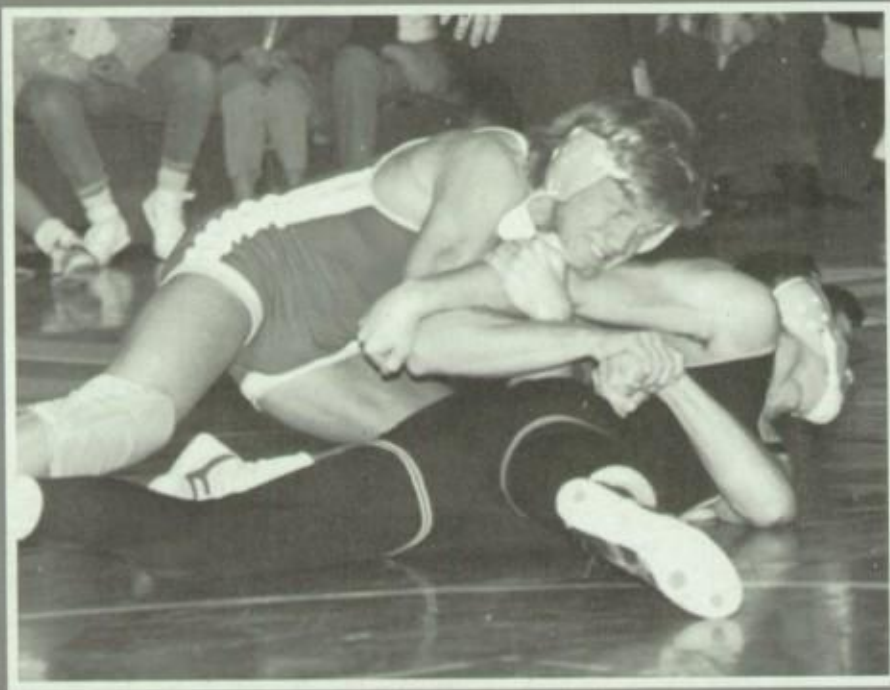

Dress it up, dress it down, Bright is right: the bigger the better. Simple, but sexy. Clash with a dash. This year MVHS students have broken the trend of clothes and started their own trend. No more

neon's, no more pastels, or no more big bold prints. Some of the trends traveling across campus this year were **Black:** Sleek, elegant, and sexy. **Leather:** Came in style more than ever in bright new colors, and different textures including krinkly, and suede. Dress up those **sweats** with a sporty athletic look, layer

it and add luxe. **Knits** are always in, it just matters what style. This year, fine knit and crew neck knit. Wear 'em, tear 'em, Denim **jeans** made a comeback with stonewash, acid wash, and different dye colors. Our Style Council will hopefully remind you the styles come from Seventeen, Elle, Vogue, or Go . . . you will always have your own style!

'87-'88 LEAGUE CHAMPS

"The '87 Diablo season has been a year of learning. I learned how to be more part of a team and really enjoy what I'm doing. Our team as a whole learned a lot of things. We learned that when you're down, you're not out, you just learn to adjust. There were key people injured throughout the season and second-stringers filled their shoes perfectly. I think the biggest learning experience was coming together as an expected underdog team and then we knocked off the so-called better teams one by one. We did this through growing together and being a family. That's what our football program is all about." — Jeff Pease

The Mission Viejo Diablos completed an excellent season with an outstanding victories over rivals Capo Valley and El Toro. As a result of their triumphant victories, they captured the title of LEAGUE CHAMPS. Congratulations on a great season guys!!!

Coached by Julie Barbar, the JV girls proved they have what it takes to be successful. The team practiced long, strenuous hours throughout the season because each member knew it was imperative that they play to their best ability.

The 1987 Frosh/Soph Volleyball team, coached by Rosie Rosanko learned the basic skills and techniques needed to go far in the game. Although they did not enjoy enormous success as a team, individually, their personal achievement were very commendable.

JUNIOR VARSITY AND FROSH-

Team Notes

All of our Girls' Soccer teams have been very successful in the past along with the present here at M.V.H.S. Both the J.V. and Frosh/Soph teams are quite talented. These girls train and play hard because much is expected of them in continuing a tradition of excellence that has been established.

The Junior Varsity team was coached by Mr. Bolt, who trained them to be tough and dominate over other teams. They were successful in perfecting their skill along with trampling their opponents.

The Frosh/Soph Soccer team was a very confident group of girls who were coached by a very optimistic Mr. Enge. They took first in league and are very proud of their achievement.

Congratulations are in order for both of these fine teams.

GIRLS' VARSITY SOCCER

The 4-A Southern Section CIF Champion Girls' Soccer Team.

Due to their spirit, commitment, and teamwork, the M.V.H.S. girls' soccer team has achieved the C.I.F. title for the past three consecutive years. Eight of the Varsity team members have been a part of this successful team for the past three years. These eight girls which have been an asset to Mission are Sheri Bertell, Steph Cox, Suzie Davis, Julie Foudy, Stacey Hopper, Rae Hubocan, Kerri Kennedy, and Tami Van Opdorp. The Diablos most recent victory preserved Mission's unbeaten streak, which now stands at an incredible 69 games! After Mission's C.I.F. victory over West Torrance, the Saddleback Valley News said of the victory that, "Championships were meant to be won this way." Well, a team is meant to work together the way the Diablo girls do. It is for this reason that Mission is dedicating this tribute to the 1987-88 Varsity Soccer team. Mission would like to congratulate this team for their continued excellence.

"Our team is successful because we are not just a team, we are a family. We are not just teammates, we are friends. Winning came naturally because we worked together as one." — Sheri Bertell

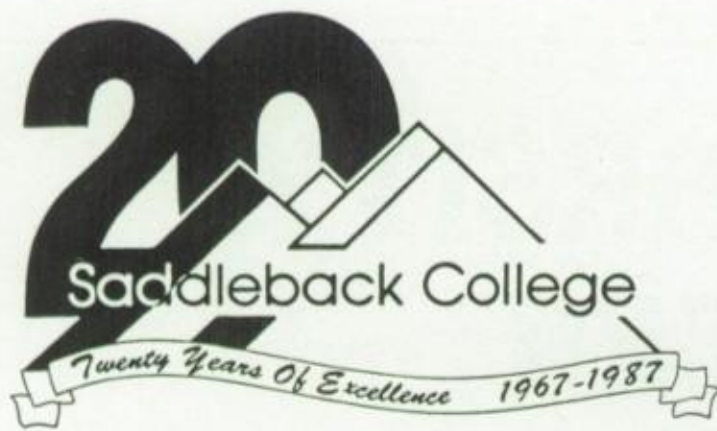

"We had a lot of pressure on us this year, but we worked hard to do our best. We always kept our heads up, and had big hearts. This is what made us winners." — Steph Cox

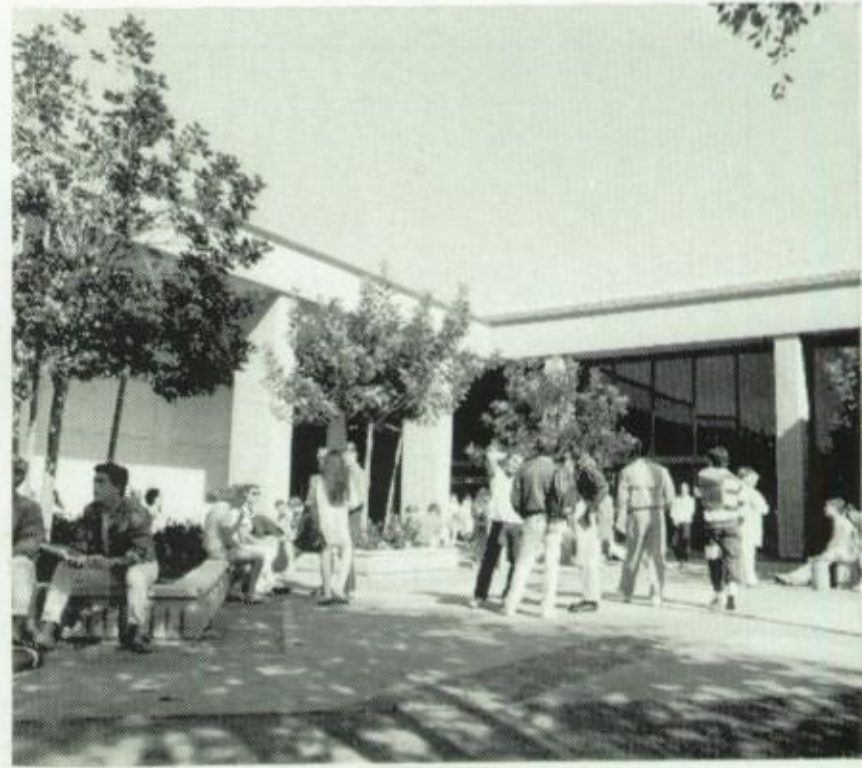

"I think our success came from not only our skill and ability to play together, but also from the closeness we shared. Not only with our teammates, but with our coach too. We learned to play with pride, and most of all — our hearts." — Stacey Hopper

Remember When . . .

Freshmen: Remember our first day of school freshman year? Going to the wrong class, staring at those awesome Senior guys, Chris Keene overdosing on bananas, and Debbie Gryske was President? . . . It just doesn't matter!!!

Sophomore: Remember your first "Upperclassman" party? Getting your Driver's Permit and behind the wheel training? The boys began developing muscles, but the girls still ignored them. And that wraps that up.

Junior: Guys, remember Varsity Football and settling for second string?, taking over Senior Hill, and Senior Hill being rejuvenated? There was the SAT, coming in last in Field Day, going to your first Prom? Girls actually taking a second glance at the guys' newly developed biceps, and pectorals.

Senior: We rule the school!!! We are legally allowed on Senior Hill. Staying up all hours of the night finishing college applications. Guys settling for those high school underclassmen girls because the Senior Girls were striving for those Real (College) Men. Doug Alkire's Baby Night Bash, Senioritis hits, Senior Prom (the ten minutes you saw of it), Graduation, our first annual Grad night cruise, The Power Team (which one?) Well the Fun ends, and Life begins . . .

The Year

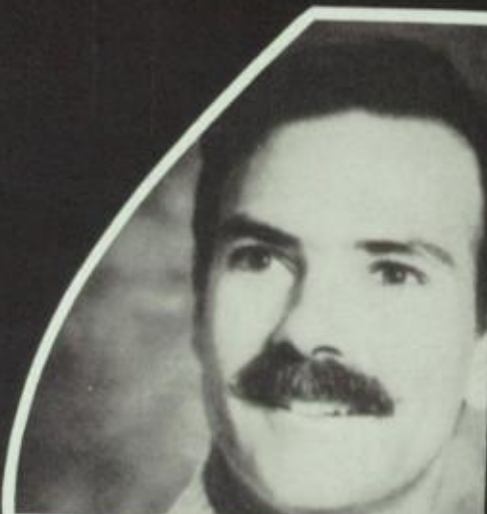

1. On Oct. 16, 1987, the Wall Street had hit a rock bottom low. The Wall Street Crash was as devastating as the crash in 1929. We will really not know the immediate effects until years down the road.
2. One of the biggest highlights of this year was when the MVHS Varsity Football team went on to beat top-ranked El Toro 9-7, and Capo Valley 28-21 to win the South Coast League Title.
3. After 7 long agonizing games, the Minnesota Twins had won the 1987 World Series. They beat the Kansas City Royals 4 out of 7 games to become the new Champs, and Frank Viola was named MVP of the series.
4. "They're Heeere!" Heather O'Rourke, America's favorite young actress from Poltergeist died on Feb. 1, 1988 from Septic shock and a cardiac arrest. She was 12 years old and was also seen as Heather on Happy Days.
5. Shake it up! This year California had its share of earthquakes. On Oct. 1, 1987 the Whittier quake shook a 5.9 on the Richter scale. MVHS students prepared for future quakes by many fun filled earthquake simulation drills.
6. In early February, Coach Crow resigned from the position of Varsity Football Coach. Coach Crow has coached at MVHS for 8 years and was the fifth winningest coach in Orange County.
7. Underdog Washington Redskins surprised the nation by defeating the Denver Broncos 42-10 in Superbowl 23. Doug Williams was named MVP in the game that was cited in San Diego.
8. The Joshua Tree, U2's newest album, became one of the top selling albums this year. Their 3 night concert at the L.A. Coliseum proved to be one of the most popular concerts this year.

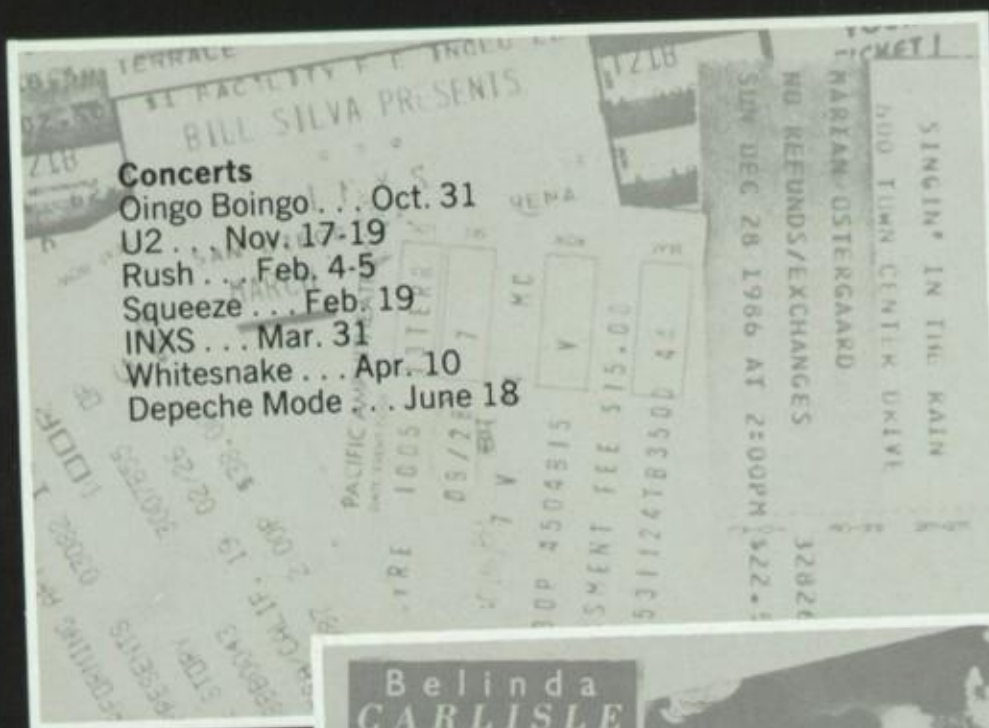

in Review

9. The Senior Class of 1988 has one scary thought to remember about their four years here . . . The AIDS Controversy. AIDS swept the earth these past years with over 52,000 reported cases in the U.S., and has proven very deadly, as it has taken the lives of many.
10. People across the country got involved in the saga of Baby Jessica. Baby Jesse fell into a well for 4 days at just under the age of two years. Overall, she is all right, but it swept the hearts of the nation.
11. New faculty changes stunned many students here at MVHS. Mr. Manzo left for the position of Vice-Principal at Laguna Hills, while Mr. Edwards who previously taught Earth Science moved into the spot of Dean of Students. We now welcome Mrs. Jerome as our new ASB advisor.
12. March 31, 1988 is the set date. Over the year, there has been talk, arguments, and voting on the fact that Mission Viejo should become a city. Through the thick and thin of it all, Mission Viejo is becoming a city. In the past 21 years we have been known as the "Paradise Community." Will we still be the California Promise?
13. Jeff Bergan, a 1980 graduate of MVHS, football and wrestling coach, and an inspirational friend to many of us, went in for a heart and kidney transplant this winter. Many students and teachers got involved as they signed petitions of our support for favoring his transplant at Stanford.
14. Born to Kill? Suspense arose this fall as Micheal Douglass and Glenn Close starred together in the top-box office hit "Fatal Attraction." This fatal affair will hope to pick up some Academy's in the Spring.
15. In the music world, Madonna shocked the world and settled down to marry actor Sean Penn. Through his alchohol/drug charges, will a divorce end this happy marriage? . . . But hopefully Bruce "Respect" Willis will have better luck with Demi Moore as they tied the knot secretly this winter.
16. The big news last year was that Miss. Jackson had gotten married and became Mrs. Bosanko. A year later there is a new addition — Robby JR, a baby boy. Congratulations!! Congrats also to Mrs. Danziger who is to give birth to a baby girl this spring.

National Merit Scholars

What do Mission Viejo students Ron Enge, Elizabeth Yoo, and Hilary Post have in common, besides being among the top seniors in their class? They are National Merit Scholars. The National Merit Scholarship program begins when commended students are participants who have selection index scores on the PSAT. They have an opportunity to continue in competition for Merit Scholarships. In each state, these young men and women who qualify as Semifinalists represent about half of one percent of High School Seniors. The finalist then need to meet set requirements. All winners of Merit Scholarships are chosen from the group of highly qualified finalists. Elizabeth Yoo, Hilary Post, and Ron Enge, represent that half of one percent of High School Seniors. Congratulations on work well done.

MR. MANZO LEAVES

ASB

The MVHS ASB underwent a dramatic change during the month of November 1987. Mr. Manzo, ASB director for five years, left us to become a vice-principal at Laguna Hills, and Mrs. Jerome, a German and English teacher at El Toro, left her classes there to become our new ASB coordinator.

Mrs. Jerome, although she loved her friends and students at El Toro, has found her niche at MVHS. She admits, "It's been hard to replace (Mr. Manzo); he was so well loved, but both the faculty and students here have been kind, receptive, and very cooperative."

The students at MVHS continue to impress Mrs. Jerome; a large percentage of students here are involved. Clubs, athletics, and the arts are such strong programs that, "... it's hard to improve upon them." She is hoping for this "class act" to continue in the future.

CLASS

One more night of fun together as the Class of '88 ... that was the goal of the parents and administration as they created our grad nite; however, this year would be different from any other. This year gave the students a choice.

One hand held the traditional Disneyland trip. For \$30 per ticket, students could grab a date, get on a bus,

and go to Disneyland all night on June 17th. Although an exciting night, the class wasn't very close in the realms of the Magic Kingdom.

On the other hand, the "Class of 88" cruised the night away on a ship bound for San Pedro. Food, dancing, and a Monte Carlo type casino provided a night filled with fun and excitement.

SENIOR

CRUISE

HERE
COMES

TREBLE

For the first time ever, a fourth choir class was created at MVHS. Starting out with only slight interest last year, the thought became a reality with the beginning of second semester. As of March 1988, eighteen girls were enrolled into this seventh period class.

They sang everything from jazz to classical, and the girls gave several performances. They even went on

television with the Chamber Singers for a telethon on Dimension Cable.

In Mr. Elg's absence, Jody Szulc and Sigal Gavish, two of his Chamber girls, directed the class while Tricia Wahlstrom accompanied the choir on various pieces. Julie Grupe also wrote choreography for some of their numbers.

Hopefully, others on campus will learn of the talent and excitement in this group, and, either as spectators or singers, will join them.

ACT

DRIVING

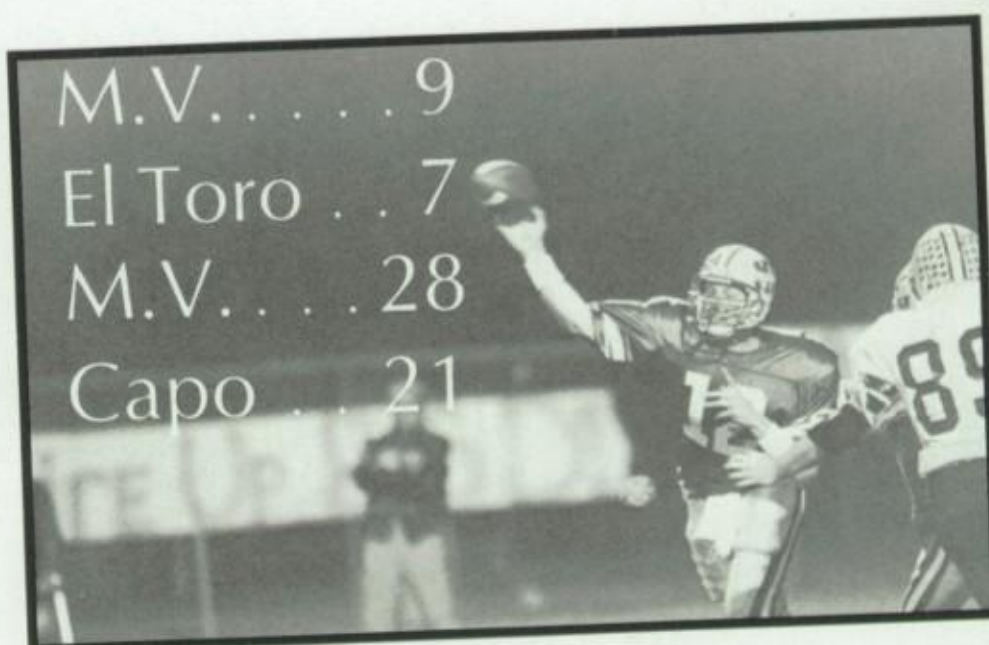

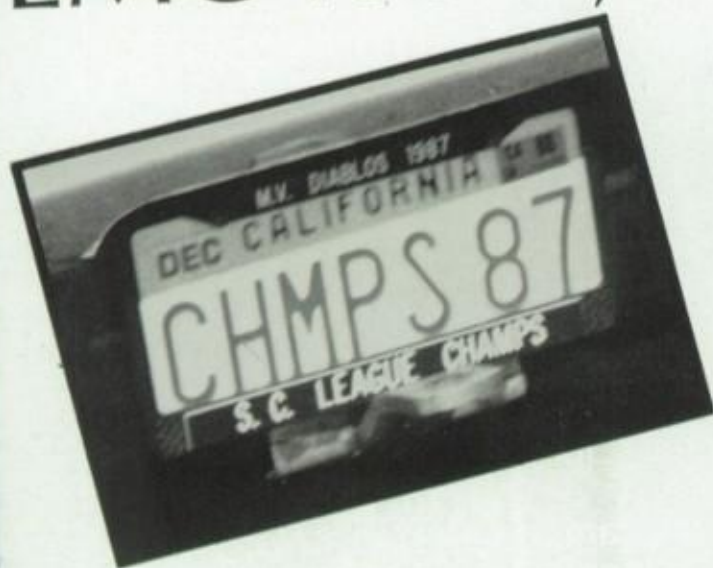

The art of sociopathic driving is one of the most necessary skills a high schooler can master. In order to display this skill properly, of course, one must first obtain a few important pieces of equipment such as a good pair of driving gloves, mirrored sunglasses, a LOUD stereo, plenty of tapes, and a car. The car you choose should look as lethal as possible and have power to back up the look. In other words, mommy's Volvo station wagon won't cut it. An ideal car should be something like this: a late sixties Camaro with the ground clearance of a boa constrictor, foot-wide Pirelli's, 10,000 horsepower, windows that are tinted almost black, and no muffler. Have you acquired these things? Good! Then you are ready for lesson 1: BURNOUTS!

Burnouts are the first lesson for the obvious reason that if you can't handle

this, just forget the whole thing and buy a Yugo! A properly executed burnout is not only thoroughly impressive, but it is the correct way to punctuate your leaving campus for lunch. To use this maneuver with an automatic transmission, one needs only to stand on the brake and with the car in drive, stomp on the gas. When you see the needle on the tachometer approaching the red area, take your foot off the brake. You aren't moving, right?! Good! Now look behind you. Nope, the fog didn't roll in . . . that's tire smoke! Practice this until you can peel the paint off a crosswalk with your tires at will.

Now you're well on your way to being a proper high school psycho. Keep practicing and be sure to tune in next week for Lesson 2: THE FOUR WHEEL DRIFT.

THE MISSION VIEJO DIABLOS EMOTION, PRIDE, AND HUSTLE

GO DIABLOS

The season had started,
our first game won with ease,
under the leadership of great captains,
John Burns and Jeff Pease.

Our offense was hot,
our defense top banana,
too bad we met up,
with Robert Lee from Santa Ana.

Loara proved easy,
but much to our sorrow,
it was time to face,
the awesome El Toro.

We were quite ready,
the stage was all set,
when to our dismay,
they showed up without Brett.

When the final gun sounded,
we sure were in heaven,
the Diblos had won,
the score, 9 to 7.

At San Clemente we lost Burns,
at Dana Hills we reached our peak,
but the big news was El Toro,
and Capo that week.

El Toro was down,
they had been defeated,
till the news leaked out,
Coach Enright had cheated.

So it's on to Capo Valley,
the Diablos standing tall,
for when we beat the Cougars,
we win it all!

272 Off the Wall

We had come out on top,
we had beaten the best,
our score against Capo proved,
we could take on the rest.

Then came Katella,
our foot was in the door,
with Jeff, Mike and Penn holding,
we wouldn't let them score.

On to Cerritos,
yellow flags dropped like flies,
despite all the penalties,
we had faith in our guys.

Los Alamitos was next,
the end was drawing near,
all of us wondered,
could this be OUR year?

The big night was upon us,
the storm raging so bold,
yet out marched our Diablos,
in their bright red and gold.

In a flash it was over,
the game we had lost,
but was winning so important,
was it worth any cost?

Emotion, Pride, Hustle,
thats the name of our game,
all we cared about was playing,
not to seek fame.

Now the season has ended,
for us, you still came through,
for the spirit in our hearts,
Diablos, WE LOVE YOU!

— Heather Johnson

1985, We made it to the finals of CIF. 1986, we made it to the semifinals of CIF. This year, 1987, we were told that we would be lucky to even go to CIF. With Rivals El Toro ranked #1, and Capo Valley ranked #2, being ranked #8 was a long way down the list. With a lot of hard work, deep dedication, and a positive attitude, The Diablos would give them a fight for the title. The All-Mighty Diablos first had to go up against El Toro and famed Bret Johnson, in which we came out ahead to upset the Chargers 9-7. People soon realized that Mission Viejo had more potential than thought. Our next opponent was Capo, and the seemingly perfect Todd Maronovich. The South Coast League Title was on the line. It was an awesome game, our teams rallied back and forth until our Defense held on those last seconds to upset Capo 28-21. We won the game, not to mention the South Coast League Title. So it was off to CIF we went: The Unstoppable Diablos, EMOTION, PRIDE, & HUSTLE. Varsity Football, Congratulations, this page is for you!!

Breaking Away From **TRADITION**

Mission Impossible?

As we sat down at the beginning of the school year to create the yearbook, we didn't realize what a long and arduous process was to lie ahead. We weren't sure if our theme, Breaking Away From Tradition, would even tie in with any of the events which would take place. But, upon reflection, we couldn't have picked a better theme. Besides the change in the appearance of the yearbook itself, this year we experienced a new Grad Nite boat cruise, adjusted to changes within the administration, created more unity within the different school organizations, and created more school activities to promote spirit. The efforts of creating this book have been for you, the class of '88. It is our class that has upheld the emotion, pride, and hustle which Mission Viejo is known for. Breaking Away From Tradition is about the class of '88. It is our class which decided that after twenty years, Mission needed a change. Just as the times are changing, we as people are changing. Although we respect the traditions of Missions past, we are also able to realize the necessity for change. We would like to congratulate the class of '88 for both their individuality and initiative. We may take pride in the fact that we will go down in Mission history as the class which broke away from tradition. We challenge the classes of the future to continue creating new traditions while enhancing those of the past. Congratulations and good luck in the future!

Mission accomplished,
Melissa Bode and Susan Shea

Although we didn't have any classes together this year, our guitar will help us in their school, I don't have to do our summer, we have to do our summer, but I can drive now, so you have to visit me, you and Frank all great for each other, so you have to keep that always, maybe I'll find me in one of my classes or else I'll be working at Market on take for right sometime this summer!
